

Jes Huttig

Executive Consultant

Jessica Huttig's background combines a career in Medical Technology where she learned meticulous attention to detail in managing workflow, reporting and verification of results, and managing procedures to meet state and federal compliance requirements. As an educator, Jessica found a niche where she became a successful mentor and coach for new teachers. She developed and implemented onboarding plans to guide teachers in their initial success and to ensure that they met state certification requirements. In addition to mentoring teachers, she was instrumental in writing curriculum to maintain compliance with changing national standards and best practices in education. Jessica credits her success in the workplace to the strong mentorship she has received in her career. It is her belief that each individual has their own unique abilities, talents, and skill sets that provide value in their professional environments. She is committed to assisting people in articulating and marketing those attributes.

Jes holds a Bachelor of Science degree in Medical Technology from the University of Connecticut and hold Certifications as a Connecticut Professional Educator, TEAM mentor, Master, TEFL, and Bridge TEFL.

Jes is a musician in the Plainville Wind Ensemble, a Volunteer for Winsted Land Trust, and is the Vice President of the American Kettlebell Alliance.
